

“PROVIDING PURE WATER AND MEDICAL SUPPLIES TO MISSIONS AROUND THE WORLD”

ABOUT THESE PRODUCTS:

THESE PRODUCTS CONTAIN A UNIQUE IONIC ADSORPTION MICRON FILTER TECHNOLOGY AND BIOSAFE® THAT REMOVES UP TO 99.99% OF THE CONTAMINANTS AND POLLUTANTS THAT CAN BE FOUND IN DRINKING WATER. BUT WHILE THEY TAKE THE BAD STUFF OUT - THEY LEAVE IN THE BENEFICIAL TRACE MINERALS SUCH AS CALCIUM, MAGNESIUM AND POTASSIUM.

THE PORTABLE WATER FILTRATION PRODUCTS HELP THE ENVIRONMENT AND ARE A BETTER ALTERNATIVE TO BOTTLED WATER. THEY ARE SPECIFICALLY DESIGNED TO ASSURE THAT THE WATER YOU DRINK IS GREAT-TASTING, FRESH AND CLEAN REGARDLESS OF THE SOURCE - STRAIGHT FROM THE TAP, OR FROM RIVERS, LAKES, STREAMS, CREEKS OR PONDS.

THE PLASTIC BOTTLES ARE ENVIRONMENTALLY SAFE, RE-USABLE, AND CAN BE RECYCLED. THEY WILL NOT LEACH AND ARE BPA FREE. THEY PROVIDE UP TO 100 GALLONS OF GREAT-TASTING FILTERED WATER WHICH IS EQUAL TO 757 HALF LITERS OF BOTTLED WATER FOR JUST PENNIES A GALLON.

WHAT YOU CAN DO TO HELP:

PULL TOP BOTTLE \$25 PER UNIT
FILTRATION BOTTLE FOR INDIVIDUALS. A 24 OZ. BOTTLE THAT FILTERS INFECTED WATER. PRODUCES UP TO 100 GALLONS OF CLEAN, DRINKABLE WATER. FILTER IS REPLACEABLE.
